The Church & Community magazine for Newbiggin-on-Lune, Orton, Ravenstonedale and Tebay

October 2022

The Link

Published by the churches and communities in Newbiggin-on-Lune, Ravenstonedale, Orton & Tebay

The Link is put together by a group of willing volunteers in our villages, drawing on contributions from across our villages. It is funded by a mix of personal subscription, business advertising and underwritten by the local churches.

We still need help — do think about volunteering if you can. Email us or use the QR code below to tell us how you might help. If you're not sure, we can find you a job!

Do get in touch with any comments or questions you may have and one of us will answer:

Many thanks ,

David, Martin, Paula.

This issue is a bit slimmer than the last one — do send in your photos, articles, updates, news and views, and we'll do our best to publish a range of them each month.

Having celebrated the Platinum Jubilee over several months (it seems) in this magazine, this month it's time to remember not only that celebration but the whole of the reign of Queen Elizabeth the Second. Both Orton and Tebay marked the event with horses and ponies — do see the photos and read the short write-ups on pages 8 and 15.

There are lots of activities that continue month by month that you will find through the magazine, and some that are only possible at this time of year — do enjoy one or more of the harvest celebrations happening during October in our churches and communities.

Thanks again to our advertisers who pay for much of the cost of printing this magazine—do use them, and mention *The Link* when you do so. It encourages them to continue advertising.

We're also grateful to the individuals, community organisations and churches that either subscribe, donate or underwrite the production of this magazine.

However, we rely on volunteers for all the production and distribution, and we're stretched — we really do need to find others to help the editorial team, so please, if you could offer to help in any way, do get in touch. That might be using a tablet or phone to answer emails, or your computer to fit articles into pages for publication, or your time and energy in delivering copies from door to door in your community (or chasing submissions!)

Email us if you can help!

Do please use businesses that advertise in *The Link* — and mention **where you saw the advert. We're funded by advertisers, and we have** advertisers leaving because they never hear from readers, so do please encourage them with your trade, mention the Link, and make suggestions as to who else should be advertising with us!

God is nowhere? God is now here?

Thinking of the way things are in our world we may wonder whether Christian faith might fit in at all. When unjust close-range wars are waged against the Syrian, Yemeni and Ukrainian people, where millions across the globe have now dropped into debt, when in regions such as the Sahara and Bangladesh – and this summer unquestionably also in our country – climate change rages whilst leading banks continue to bankroll and shore up fossil fuel exploitation. And more, and worse... human trafficking, and so it continues...

Where can God be in all of this? Is he nowhere to be seen? Is God 'dead', as Friedrich Nietzsche and (later) the 'Sea of Faith' group in the 1970s would have had it?

However perhaps this is just where a 'living' God really does come in. Miracles do still occur, but we can't realistically expect a universal God in an age of technical dominance to be doing that sort of thing daily and in explosive fashion; all things are accountable to and accounted for by science, so we are told. The planet is in technological 'permanent motion', leaving little room for stark, dramatic intervention.

Doubtless God could do it – you'd expect me to say that as a Christian – but He does in fact not do so given that human freedom to use science and medicine appropriately is an essential gift of, and component of, the divine plan. This is what the Bible clearly states:

For God so loved the world that He gave His only Son, that whosoever believes in Him might not perish but have eternal life (John 3,16).

We notice the freedom to choose.

But that very technology, which makes doing so many things so much easier, can stifle our human creativity. How many of us, after we have spent a long session in front of a television set or a computer, feels like doing very much else?

Our will to do things, to re-fashion our lives, to iron out abuses in our society and across our planet, is slowly stifled by a massive over-reliance on robotic and other aids to do so much that we could do ourselves in the same manner as is our relationship with God as a loving heavenly father/parent; a relationship made possible in the Christian tradition through the selfless inter-action of Jesus Christ, a spiritual being become a human individual amongst humankind.

Technical gadgets – supposedly a useful partner – have become very much a domineering generalissimo.

Really we ought immediately to go straight back to the Bible – God's word – and search for answers there, but sometimes we're reluctant. Wasn't the book written two thousand (and more) years ago, by near-neanderthals? St Paul had neither television nor iPad nor mobile handset as he travelled the known western world of his day telling as many people as he could the good news about Jesus. He just prayed (and kept doing so) and got on with it as did Jesus' other disciples after his death (and, Christians would say, subsequent Resurrection and Ascension).

If we do want to be able to tackle famine, drought, war, poverty and other ills closer to home, such as personal debt and domestic violence, maybe we ought to re-consider the many parables of Jesus as well as his demonstrably generous forgiveness, peaceful (usually!) living and missional life in community, as well as his faithful prayer life. Following that example could not fail to make a difference, and demonstrate that God, despite appearances, is now here.

Ravenstonedale Parish History Group celebrates **'oor mak o'toak'**

(Westmorland dialect)

Launching the 2022/2023 season of Ravenstonedale Parish History Group talks, Jean Scott-Smith, honorary secretary of the Lakeland Dialect Society, entertained 25 members and guests with a lively insight into the history and meanings of dialect words and illustrated her knowledge of what she described as her first language, with a variety of readings.

In the early part of the talk, Jean provided an introduction to Westmorland dialect speech and writing. Derived from the Greek noun 'dialectus', today's dialect was the normally understood speech of those native to Westmorland up to the mid 19th Century. After that time the influence of railway, economic migration within the UK and the service of soldiery in European wars, led to dilution and import of language and terminology from other parts of the Nation, culminating with the concept of the King's English, very much associated with the arrival, just over one hundred years ago of the BBC (October 1922).

Westmorland dialect was itself subject to influences, most notably the Scandinavians, who arrived in the area as peaceful settlers, originally settled in the Isle of Man and arrived in the Westmorland area between 925 and 950. Danish is also an influence, seen today in words within place names, such as 'Thorpe' meaning a village or hamlet, often preceded by the name of someone from the location (Hackthorpe for example). Scandinavian influence is evident in familiar terms on our maps and local road signs, including Thwaite (meaning clearing), Wath (meaning 'ford') and Tarn, which literally means 'tear', as in weeping. As Jean said, 'what a lovely way to describe a distant and small body of water'.

The Lakeland Dialect Society was formed at Tullie House, Carlisle in 1939. The society was, and is dedicated to the academic study of the Cumbrian dialects, of which the Westmorland dialect is one. The Society fosters dialect speech and writing, the results of which formed the basis of the readings and texts which Jean referred to and performed from. Notably the Society had formed a working relationship with the Young Farmers organisation, bringing the work of the society and interest in local dialect to local young people.

The readings included poems and collected narrative. One poem followed the role of Bill Dodd, a Howgill End farm worker, who could mend everything around the farm with just his binding string (Jean illustrated the talk with a length of traditional binding string). As it says in the poem 'Auld Bill cud allus fix it wid a bit o binder string'. The shepherd's adventures included tethering an escaped bull,

The Link — your local church & community magazine

improvising a wedding ring and ultimately in the workshop of St Peter, employed in repairing or fettling jobs in heaven. Another poem traced a twenty year romance and another dwelt on the antics of flocks of starlings. Jean read one of her own pieces, which had been awarded a National prize for original writing in dialect. This took the story of Noah and the Ark, and considered the challenges Noah would have faced today in undertaking the assignment, with the necessity of obtaining the requisite permissions from the various authorities, including obtaining permits to commence construction and for the transportation of endangered species!

In summing up, Jean left the audience with the important lesson of 'use it or lose it', because once lost then the Westmorland dialect could never return. In their vote of thanks, RPHG fervently expressed their wish for Jean to return, as her talks are always much enjoyed.

The next Ravenstonedale Parish History Group talk will take place on Wednesday 19th October at Newbiggin-on-Lune Village Hall, at 19.30. Maurice Steele will present 'Walking through History, Hadrian's Wall, from Bowness on Solway to Wallsend'.

Pat Brass Memorial Tractor Road Run

Friends of the late Pat Brass turned out in force for a tractor run in her memory, which started in Tebay and ran to Crosby Ravensworth.

Pat was well known in Orton, but the tractor run had been delayed by the pandemic, and finally took place on at the end of August.

Ranging in age and size from a vintage John Brown to a modern Massey Ferguson, the 61 tractors covered the 25 miles to the Memorial Hall in Crosby Ravensworth, where a lunch was served by folk from Orton and Crosby Ravensworth.

£2,200 was raised to support the work of Target Ovarian Cancer.

Landmark conference will explore the problem of plastics in woodland creation

A conference backed by key players in the forestry industry will be held at Leeds City Museum on 2nd November focusing on the issue of plastics in woodland creation.

Bringing together an international panel of speakers and presentations, the conference will feature news of alternative guard trials, look at best practice and discuss all aspects of woodland creation.

The 'Plastics - Trees and Woodland' conference will build on the work of the Forest Plastics Working Group (FPWG) and partners over the last three years. The group grew from an initiative led by charity Yorkshire Dales Millennium Trust, who organised a conference on plastic tree shelters back in November 2019.

News from Orton School

We are all thrilled to be back at school after our summer holidays! We've been very busy seeing our friends again and enjoying our new playground markings. We have lots of fun planned for the year ahead, including: sporting events, performances, school trips and welcoming visitors.

We are really 'Good'!

At the end of the summer term last school year, we were visited by OfSTED inspectors. Two inspectors came to visit our school. They watched the children learning in a variety of lessons, spoke to the staff, parents and children, looked at the children's work and watched them play together.

We are very pleased to announce that the inspectors still thought that Orton CE school was a good school. They could see how hard everyone works, how much excellent learning takes place and how happy everyone was, and how well we all support and care for each other.

Our New Starters!

Our new reception children in class 1 have enjoyed their first time in their new school uniform. They have also been joining the rest of the school in the hall at lunchtime, and been getting used to their new classroom.

Thoughts from our new Year 6 children

"I'm a bit nervous about being the oldest in the school, but I'm excited about bikeability, young voices and our class residential" (Callum, Class 4)

"I'm looking forward to being at the top of the school—we've got loads of exciting things happening this year!" (Evie, Class 4)

TEBAY PRIMARY SCHOOL

Welcome!

It was lovely to open our gates on our first morning back after the summer holidays and see all the excited faces of the children as they made their way into school. We really have missed them and you!

We welcome our newest member of staff, Miss Dora Hill, who has now taken up her post as the EYFS teacher. I would also like to welcome our two new nursery pupils to our school community, Jasmine and Leo.

We have had a fantastic start to the new school year. Our pupils have once again made us proud by their manners, behaviour and positive attitude towards returning to school. They all looked incredibly smart in their uniforms.

As a staff, we are very excited about the year ahead. We know that with your continued support Tebay School will achieve great things this year!

Kind regards

Helen Wright

Head of School

Thank you!

I would like to say a massive thankyou to: CET, Lab members, staff, parents, ex colleagues, friends, family, all the community and all the children for making my retirement a special, happy and memorable one. Thank you also for so much kindness. I was overwhelmed by all the gifts, cards, flowers and lovely messages. The afternoon tea was lovely and I just loved the children's amazing singing. I will miss you all lots but wish you all a happy start back to school. I wish Miss Hill all the best as she begins her career at Tebay.

Thank you everyone,
Mrs (Sharon) Hall.

Ice cream van visit

The children got a lovely surprise on Tuesday 19th July (the hottest day of the year) when Eden Valley Ices arrived at school. Each child and members of staff received an ice cream kindly paid for by Friends of Tebay School.

Summer Fair

We held our Summer Fair on Tuesday 12th July, the sun was shining and children, parents and friends of the school enjoyed a wonderful afternoon with a bouncy castle, various games, a spectacular cake stall and refreshments. Thank you to Friends of Tebay School and all the children, we managed to raise nearly £200.00

Aladdin

Class 3's performance of Aladdin was held in the Chapel on Thursday 14th July. The children's hard work certainly paid off, everyone thoroughly enjoyed the performance.

Thank you to Miss Jameson and Miss Fisher for all their hard work and patience and to the wonderful children for making us very, very proud.

This term

Action Ants are coming into school every Monday morning until Christmas to deliver multi sports coaching to every child in the school.

Class 1 and 2 are visiting Waterpark Adventure Centre on Coniston Water to enjoy water based activities along with high and low rope challenges, orienteering and a treasure hunt.

Lucy Potter is delivering PE in after school club on a Wednesday afternoon and Andi Taylor is delivering an Art club on a Thursday afternoon.

Children in Year 5 will be doing their 'Cyclewise' training in October.

PCSO Janet Allinson is coming into school to talk to the children about road safety, internet safety and keeping safe outside.

Tracy Morland — School Administrator.

Tebay remembers HM the Queen's love of Tebay Fell Ponies

On Sunday 18th September, Tebay gathered to remember the Queen on the eve of her funeral. Queen Elizabeth was well known for her love of horses, she owned and bred fell ponies from the Tebay area.

In a fitting memorial a fell pony driven by Libby Robson led a solemn procession of ponies through the village after a blessing by the Revd Alun Hurd.

Originally planned as a solo drive the idea sparked support from fell pony owners around the area. 12 ponies formed the procession with a welsh pony bringing up the rear. Sid was accompanied by the Tebay primary school children who ride him. Despite the inclement weather, there were many who came to watch and mark their silent respect, mourn the passing and give thanks for the life of Queen Elizabeth.

The Subtle Science and Exact Art of Colour in Garden Designs.

Timothy Walker used to be in charge of Oxford Botanic Gardens, now lectures in Botany at Oxford University and has won four gold medals at Chelsea Flower Show sometime in his career. He was therefore well placed to talk to Appleby Arts Society on the subject of Colour and Design in a garden at September's opening meeting of its lecture season.

With a delightful and offbeat manner he challenged us to think about how colour has beguiled us over the centuries, how many there are, what you call them, which you like and why.

We can look at light scientifically, examine its wavelength, get the Dulux paint list or the 5,000 long watercolour chart but what we exactly see is subjective. In the design of large Country House gardens before 1711, colour did not feature at all - it was line, length, silhouette, shades of green and water that were important. After this date gardens got smaller and colour was introduced and there was debate over colour harmony versus colour contrast and the great Gertrude Jekyll was of the opinion that the 'placement' of colour in a garden was the most important thing. 'We are painting a picture' she said. Timothy showed us how her design for a garden bed closely resembled that of a Turner painting in range, hue and placement of colour - wonderful to see.

He also showed us a series of photos taken of the same patch of garden at different times of day. How different the blues and reds look at early morning and then at noon and at evening, and how shadow throws the pattern of leaves into relief. The direction of light and its intensity is manifest.

He talked about and showed us the effect of different colours in the garden - how a splash of yellow can act like a spotlight - especially euphorbias with their lemony acid yellow hues - and how white can be a linking colour to produce harmony rather than contrast. And surely black irises are dark violet? I think he also managed, rather mischievously, to persuade us that Mark Rothko's plain colour canvases, where one colour bleeds into another, has influenced the colour palette of some modern poppies. And today's fashion for more random planting resembles a Jackson Pollock drip painting. Who would have thought! Above all, though, gardens are ephemeral and that is both their joy and frustration.

The next meeting on the Wednesday 12th October is:- Thomas Heatherwick — a Modern Leonardo?
by Ian Swankie.

News from All Saints' Church, Kasese, Uganda

parish linked
with All Saints', Orton

WhatsApp messages and emails received

From Rev. Nelson Walina, Vicar:

7th September: This is another tragedy that has happened in Kasese. Night landslides floods has caused more than 20 lives dead in one area just at the trading centre. These families belong to one of Christians in All Saints Parish Church. So far that is the number of the recovered dead bodies. God have mercy on the people of Kasese. Help us in your daily Prayers. (Two Cumbria families have sent money to help.)

14th September: Today fellowship at Rwenzori College of Commerce. Preaching to them at their thanksgiving from back home. Those four students of them committed their lives to Jesus Christ. We praise God for what He has done for us.

The second picture in which I am, is a response from God to a Christian widow. That boy next to me in white had disappeared from the home of his widowed mother more than 8 years ago. The widow was praying over and over many times.

But last Friday she came crying after my sermon. In this overnight fellowship, I laid hands on her, prayed for her. Saturday morning the widow received a phone call from Kampala that her son is found. So today, we received the boy of 28 into All Saints Church.

He came without many things including clothes, no beddings, shoes, etc. The mother provided that dressings he is dressed up now. He confessed he had joined bad groups, involving alcohol, drug abuse, theft, etc. At the moment we only need a good Samaritan to help us with

UGX 341500/= (about £80) to settle the lost and found boy. The boy is called Bollen Mugisa.

Notes from the Herald, October 1922

Fine, cold, windy. Colours best by 20th. Harvest in by 14th. GMT returns on 8th.

Orton's Dr. R.W. Gibson MD was Chairman of the Fell Pony Society but not at its relaunch on 10th in Penrith. He also chaired the Tebay NUR Branch's Concert for its Orphans' Fund. Orton Wesleyan Church's Building Fund Gift Sale was in late October. Gifts were sheep, poultry etc. Mr. W. Huck, auctioneer from Kirkby Stephen came free of charge. There were a lot there and £55 was made (£4400 now). There was a Social in the Market Hall after – a concert, sale of unsold items, supper, games. R. W. Huck in chair for this too. Died at Moor House, Orton on 16th, Mr. John Bell aged 68. He was one of the old breed now dying out (says Silverpen) tall and straight with keen intellect. He owned his land and bred Shorthorns.

Tebay's NUR Concert in the Market Hall (Dr. Gibson in Chair) made £8 (£640 now) for the NUR Orphans Fund. A dance followed (music by Miss Yates and Master Cranston). Dr. Gibson is Orton's G.P. and is also a J.P. He was Chairman of Shap Police Court's Bench when two Tebay lads were up for poaching rabbits near Tebay and Orton. Fined 30/- each (£120 now). Next up were three Tebay lads caught poaching salmon in the Lune on 3rd October. Caught by the newly set up Water Watcher. One was fined £1 the other two acquitted.

Ravenstonedale Retirement Sale at Murthwaite for Mr. T. Brunskill at start of October. Report on 7th gives prices. The Bible Society meeting on Tuesday, 2nd, in the Public Room, Ravenstonedale was on "The Bible in Japan" (lantern slides). A lot attended. The Church Harvest was on Friday 29th September and Sunday 1st October. At Newbiggin on Lune Primitive Methodist Chapel it was on Sunday 8th with Supper on Monday 9th. Ravenstonedale Congregational Church Harvest was on Sunday 1st. The Reading Room Committee's Concert was mid October in the Endowed School; very good with dance after. £16 was made for the Reading Room Funds i.e. the village library. (There was no County one then). £16 would be £128 now.

Died at Greenside, Ravenstonedale on Tuesday 10th, Clara Elizabeth, wife of John Winder, farmer. She was 31. John had had his dinner at noon as usual and went back out at 1pm telling her he would be home for tea by 4pm. On his return there was no sign of her. Her bedroom door was locked and when he got inside he found her dead on the bed. Nearby was an empty bottle of Footrot Mixture (nitric acid). She was prone to depression.

Thanks to Jeremy Godwin, Penrith, for the Notes

Covid Vaccinations update

We are no longer giving first vaccines here at the Surgery. We have now attempted to contact all patients who are due their second vaccines. If anyone feels they may have been missed then they need to contact us urgently.

The following information is on our website:

COVID vaccination certification

We are unable to issue this certificate at the practice. Please see the [Gov.uk website](https://www.gov.uk) for further information. Proof of your vaccination status will be available on the **NHS app**, which is also valuable for accessing your health records and ordering repeat prescriptions. Alternatively, you can call the NHS helpline on 119 and ask for a letter to be posted to you. This must be at least 5 days after you've completed your course of the vaccine, the letter may take up to 5 days to reach you.

Shingles vaccination

Patients become eligible for routine vaccination against shingles when they become 70 years of age and all those aged up to and including 79 years are now eligible to receive the vaccine until they become 80 years of age. Individuals who were eligible for the Shingles vaccination programme who turned 80 years during the COVID-19 pandemic and missed the opportunity to be vaccinated, either due to lockdown or because they were shielding at home and unable to attend their general practice, can continue to be vaccinated up to 31st July 2021.

Please contact the Surgery to book an appointment.

Seasonal flu/Covid booster vaccination information:

This year the Practice will be contacting all eligible patients for their flu vaccination and likely Covid booster to be given at the same time. Patients will be contacted in eligibility order and given an appointment time. Please can we ask patients to **wait for the Practice to contact them** as we are still awaiting information regarding the Covid vaccine boosters.

Orton Surgery and Shap Medical Practice

Current Procedures

The Doctors and Nurses at the Practice continue to operate an initial telephone triage system. If a face to face consultation is necessary the Doctor or Nurse will book you an appointment at Shap later that day. Please contact the surgery at 8.30am to arrange a telephone triage appointment. Surgery appointments remain being kept to a minimum to reduce the risk of infection to our patients and staff. Please do not attend the surgery without an appointment and please check the NHS111 website if you are unwell with coronavirus symptoms. When attending an appointment at the Practice, face masks must be worn at all times within the building, unless you are exempt due to medical reasons. Hand sanitisers are placed throughout the building and we request all patients to use these.

Online Consultation

We still offer online consultations using the eConsult. Please see the website www.shapmedicalpractice.co.uk to find out more about this.

Orton Surgery

There continues to be no Doctor appointments at Orton Surgery for the time being. Medication is available for collection every Tuesday between 10am and 11am.

Dispensary

Shap medication is now being collected from inside the main foyer of the Practice.

COVID Vaccinations Update

We continue to offer COVID vaccinations at the Practice. Please contact us if you are due your booster.

Staffing Updates

Dr Chris Kehoe left the Practice in the summer and is now working as a Locum GP and as a salaried GP at CHOC where some of you may meet her if you need to see a doctor out of hours. We welcomed Dr Hannah Judson at the Practice as a GP Partner in September. She has already become a highly valued member of the team. She came to us from Appleby Medical Practice and is a qualified GP trainer. We are hoping to start training GPs as well as medical students later this year. Our Practice Manager Sue Graham retired in March 2021 and Wendy Hancock has since taken the role of overseeing and developing the Practice. Wendy previously worked within the Clinical Governance and Safeguarding teams at CHOC and NWS. We are also very pleased to announce the return, and promotion, of Eleanor. Eleanor returned from her maternity leave in January and takes on the new role of Reception Manager.

All of the staff at the practice would like to say thanks to our local communities for the support and encouragement we have received through what continues to be a very difficult time for the health service. The kind words that we receive do make a difference to us and are very much appreciated.
